Please do not feel nervous. This is more of a "get-to-know" your voice for our artistic director! Bring your audition application filled out and a good attitude! We are a community that supports music making at the highest level and it is important that we find a good fit for you, the ensemble, and our organizational growth. I look forward to hearing from you and setting up a time when we may meet, get acquainted, and sing too! Audition times are set up via request. To request a time please email [music@consonarechorale.org](mailto:music@consonarechorale.org)

We are a dues based choir with scholarship applications available. Please do not let cost be a deterrent from auditioning. It's about the music! As grants, private funding, and our nonprofit status play a more prominent role in our organization, dues will decrease.
